Re: Petition of WorldCom, Inc. Pursuant to Section 252(e)(5) of the
Communications Act for Preemption of the Jurisdiction of the Virginia
State Corporation Commission Regarding Interconnection Disputes
with Verizon Virginia Inc., and for Expedited Arbitration,
CC Docket Number 00-218

Dear Ms. Dortch:

Enclosed for filing on behalf of Verizon and MCI, please find copies of executed amendments incorporating the pricing schedule exhibit to the Verizon-MCI metro interconnection agreement (as well as such an executed amendment to the Verizon-MCI Worldcom interconnection agreement) in compliance with the Bureau's March 11, 2005 Order. The Pricing Schedule attached to the March 11th Order requires several changes, including a few clean-up items, as well as changes needed to make the Pricing Schedule consistent with the text of the Order. Those changes are reflected in the attached versions of the amendments, which have been executed by Verizon and MCI. For ease of reference, we have enclosed a red-line version of the Pricing Schedule released with the March 11th Order showing the changes, which we summarize below:

No. of Copies rec'd 044
List ABOVE

Agreed-Upon Changes to Verizon-MCI Pricing Schedule

- 1) On page 1 of the Pricing Schedule, the parties revised footnote 1 to remove references to a pending "Pricing Arbitration" to reflect the conclusion of that proceeding before the Bureau.
- 2) On pages 3, 4 and 5 of the Pricing Schedule, the parties agreed to correct the OC-3 and OC-12 interoffice transport rates to make them consistent with language in the March 11th Order. Paragraph 30 of the Order states "[w]e adopt Verizon's proposed rates for

OC-3 and OC-12 dedicated transport and entrance facilities” Verizon’s proposal incorporated by reference the DS3 Install NRC and Disconnect NRC, but did not show the explicit rates. The Pricing Schedule attached to the March 11th Order listed the DS3 Install NRC rate of \$8.14 and DS3 Disconnect NRC rate of \$0.49, and showed these rates for the OC-3 and OC-12 elements. While these were the DS3 NRC rates contained in the parties’ March 24, 2004 joint filing, these rates were subsequently adjusted to reflect the parties’ agreement on a design time component. On May 7, 2004, the parties filed a revised, agreed-upon rate schedule reflecting design-time adjusted NRC rates. The agreed-upon, design-time adjusted NRC for a DS3 Install is \$18.63 (as opposed to \$8.14) and the revised DS3 Disconnect NRC rate is \$4.88 (as opposed to \$0.49). Therefore, the OC-3 and OC-12 rates should be priced at these rates. In fact, on page 12 of the March 11th Order’s Pricing Schedule, these design time-adjusted rates for DS3 Install NRC and DS3 Disconnect NRC are correctly listed. Accordingly, the parties corrected the Pricing Schedule’s OC3 and OC-12 rates by simply referencing the DS3 Install NRC and DS3 Disconnect NRCs already contained in the Pricing Schedule.

- 3) On page 6 of the Pricing Schedule, the parties added the OC-3 and OC-12 entrance facilities rate elements because in paragraph 30 of the March 11th Order, the Bureau indicates that it adopted Verizon’s proposed rates for “OC-3 and OC-12 dedicated transport and *entrance facilities*” (emphasis added). However, the Pricing Schedule released with the Order did not list rate elements for OC-3 and OC-12 entrance facilities.
- 4) On page 11, the parties corrected the numbering for two footnotes. First, under Section G, the footnote number appearing after “ISDN Line Feature additions, disconnects or changes” should be 7 instead of 10, to correspond to the footnote at the bottom of the page. Second, under Section H, on the same page, the footnote number appearing after “Individual Line Feature additions, disconnects or changes” should also be 7 instead of 10 for the same reason.
- 5) On page 26, the parties corrected the rates for the DS1/DID/PBX Platform, the ISDN PRI Platform, the DS1/DID/DOD/PBX FX Platform and the ISDN PRI FX Platform. In paragraph 10 of the March 11th Order, the Bureau agreed, in part, with Verizon’s proposal for these rate elements. In referencing these rate elements, paragraph 11 states that “we agree with Verizon that the DS1 Loop to Customer Premise UNE appears to be a closer analog” to the above referenced four network elements than certain other elements. While page 24 of the Pricing Schedule reflects the DS1 Loop to Customer Premise UNE rates that Verizon proposed in the parties’ March 24, 2004 filing, as noted above in item number 2, the parties subsequently agreed on a design time component that resulted in adjusted NRC rates. Consequently, in their May 7, 2004 filing, the parties filed a revised, agreed-up pricing schedule containing the design-time adjusted NRCs, including new, design-time adjusted rates for the DS1 Loop to Customer Premise. Accordingly, the parties have corrected the Pricing Schedule by replacing the \$27.19 Install NRC and the \$19.41 Disconnect NRC listed in the Pricing Schedule for these four elements (which were the DS1 Loop to Customer Premise rates in the March 24, 2004 filing) with the \$37.68 Install NRC and \$23.80 Disconnect NRC rates, which are the design-time adjusted DS1 Loop to Customer Premise rates contained in the parties’ May

7, 2004 filing, and also reflected on page 12 of the Pricing Schedule released with the March 11th Order.

- 6) On page 28 of the Pricing Schedule, the parties changed the letter preceding "OPERATIONS SUPPORT SYSTEMS" from the letter B to the letter D to maintain consistency with other section references in the document. Also on that page, the parties changed the date shown for the "Ongoing only" operations support rate element from "(after 1/29/04)" to "(after 1/29/14)," consistent with the terms of the March 11th Order.

Please call me if you need any additional information.

Sincerely,

AMENDMENT NO. 2

to the

INTERCONNECTION AGREEMENT

between

**VERIZON VIRGINIA INC.,
f/k/a BELL ATLANTIC – VIRGINIA, INC.**

and

MCI WORLDCOM COMMUNICATIONS OF VIRGINIA, INC.

This Amendment No. 2 (this "Amendment") is made this 29th day of January 2004 (the "Amendment Effective Date") by and between Verizon Virginia Inc., f/k/a Bell Atlantic – Virginia, Inc., a Virginia corporation with offices at 600 East Main Street, 11th Floor, Richmond, Virginia 23219 ("Verizon"), and MCI WORLDCOM Communications of Virginia, Inc., a Virginia corporation with offices at 22001 Loudoun County Parkway, Ashburn, Virginia 20147 ("MCIW"). Verizon and MCIW are referred to herein collectively as the "Parties" and individually as a "Party".

WITNESSETH:

WHEREAS, Verizon and MCIW are Parties to an Interconnection Agreement, under Sections 251 and 252 of the Communications Act of 1934, as amended, effective as of October 8, 2002 (the "Agreement"); and

WHEREAS, the Parties wish to amend the Agreement (as set forth herein), as directed by the FCC in CC Docket Nos. 00-218 and 00-251.

NOW, THEREFORE, in consideration of the mutual promises, provisions and covenants herein contained, the sufficiency of which is hereby acknowledged, the Parties agree as follows:

- 1) Amendments to the Agreement
 - (a) Appendix 1 of this Amendment shall replace Appendix 1 of the Agreement in its entirety.
 - (b) Nothing contained in the Agreement or this Amendment shall limit Verizon's or MCIW's right to appeal, seek reconsideration of or otherwise seek to have stayed, modified, reversed or invalidated any order, rule, regulation,

decision, ordinance or statute issued by the Virginia State Corporation Commission, the FCC, any court or any other governmental authority related to, concerning or that may affect Verizon's obligations or MCIW's rights under the Agreement, this Amendment, or Applicable Law.

2) Conflict between this Amendment and the Agreement. This Amendment shall be deemed to revise the terms and provisions of the Agreement only to the extent necessary to give effect to the terms and provisions of this Amendment. In the event of a conflict between the terms and provisions of this Amendment and the terms and provisions of the Agreement, this Amendment shall govern, *provided, however*, that the fact that a term or provision appears in this Amendment but not in the Agreement, or in the Agreement but not in this Amendment, shall not be interpreted as, or deemed grounds for finding, a conflict for purposes of this Section 2.

3) Counterparts. This Amendment may be executed in one or more counterparts, each of which when so executed and delivered shall be an original and all of which together shall constitute one and the same instrument.

4) Captions. The Parties acknowledge that the captions in this Amendment have been inserted solely for convenience of reference and in no way define or limit the scope or substance of any term or provision of this Amendment.

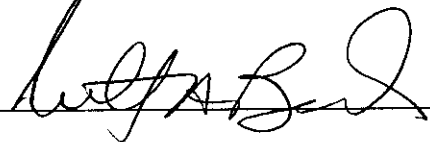

5) Scope of this Amendment. This Amendment shall amend, modify and revise the Agreement only to the extent set forth expressly in Section 1 of this Amendment, and, except to the extent set forth in Section 1 of this Amendment, the terms and provisions of the Agreement shall remain in full force and effect after the Amendment Effective Date.
